Date:- 02/06/2021

Dear parents

Greetings and a sincere wish and prayer that you and your family are keeping well!

We are ready and as per the schedule, shall start the new academic year with the same enthusiasm and more as we continue to support our children in their education during these times. As we say, **Learning never STOPS** and our teachers have been working through these months in different ways to ensure you have maximum support. Be it the Summer Session or the assurance to the UKG child's parent so that handholding to the graduation to Year 1 is done, we have achieved it all. I am proud of my NEC team of teachers and overall staff who have selflessly devoted their time to the School. I welcome all the new parents and their children who have joined us this year and assure you nothing but the best for your child.

We commence our classes from **June 3, 2021** as per our schedule and the first few days will be devoted to Bridge programmes and Orientation sessions for our children. These weeks are crucial as:

- the teachers have ensured that they have put together a programme that builds and reinforces the learning outcomes of the previous year.
- we have ensured that you have the Annual plan available on the Upswing platform for you to see the progress through the year and also for you to get an overview of the learning curve for this year.
- Our assignments are a lot more e-friendly and corrections and periodic continuous testing will go on by each teacher. This way we will know and assess the child in every juncture of its learning
- All activities will be conducted online and experiential learning will continue

From you, dear parents, we seek your support in ensuring that

- There is a study space made available for the children at home, quiet and away from distractions.
- Network connectivity and digital equipment readiness is a must as this is the only means of communication for the child
- The child follows the schedule given
- Times itself for HW and submissions
- Has very little distraction
- Exercises well and also eats healthy

Do not hesitate to speak to the teacher at any point of time and write to us and connect on our social media pages and the mail id shared on our website: www.navkismysore.com

We believe in supporting the child for Learning Never Stops even during these difficult times and are convinced your support is there with us in spirit, in commitment and in cooperation.

Keep Safe! Maintain all Government protocol! Get Vaccinated!

Best regards,

Dr. S. Jayashree Muralidhar

Principal
