# TEAM NAVKIS

## WARMLY WELCOMES YOU TO AN EXCITING YEAR

We live in an age where the future is bright yet riddled with uncertainty. To navigate this unpredictable world, our children need a rock solid foundation that equips them with the right knowledge, confidence, resilience and ideas that can help them create a successful life.

For the last one decade, Navkis has continued to create an open culture of learning and moulding the personality of a child that focuses on five aspects of a child's holistic development: physical, cognitive, aesthetic, emotional and spiritual. As soon as your child enters the portals of Navkis's unique campus, s/he is taken into the fold of educators who understand the needs of each child. Caring, qualified, experienced and dedicated, our educational professionals believe that a solid holistic education gives children the momentum they need to go out into the world without fear or prejudice.

At Navkis Educational Centre, Mysuru, we are committed to nurturing and enabling learning in children that helps them become more complete when they leave the fold of the supportive school environment. Navkis is delighted to welcome your children and we look forward to having an exhilarating, exciting and inspiring academic year.

Come, join us as we embark together!

Children need to be equipped with **KCRI**:  
**K**nowledge, **C**onfidence,  
**R**esilience and **I**deas

Navkis focuses on holistic development: Physical, Cognitive, Aesthetic, Emotional and Spiritual

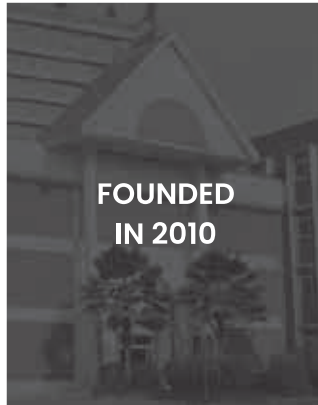

Faculty is:

## VISION

To provide a safe and dynamic holistic educational ecosystem that nurtures and educates children, providing skills necessary to succeed in a changing society and allows latent talent to flourish through learner centered methodology in a stress-free, supportive and safe environment.

## MISSION

Keeping an unwavering focus on the child, with an aim to build a modern global citizen who is receptive to the needs of the new world by going beyond narrow boundaries to enable academic excellence and help in nation building.

## CHAIRMAN'S MESSAGE

### Welcome to Navkis!

I am delighted that you have chosen Navkis to be the foundational educational institution of choice for your child. In a dynamic world, educators and institutions like Navkis have to keep pace with the needs and demands of the educational community, parents like yourselves, but most importantly, the children you have entrusted in our care.

I belong to a family of educators and philanthropists, and I understand that a school is the primary building block of a child's present and future. At Navkis, every faculty member and staff understand that your child is unique and his/her abilities and talents need to be nurtured and allowed to blossom. It is our endeavor at Navkis to ensure that all the children are imparted more than just knowledge gained from books.

We believe that a child's personality and character can take shape when schools go beyond pedagogy and encompass holistic development. As our erstwhile President APJ Abdul Kalam said and I quote, "creativity is seeing the same thing but thinking differently."

I welcome all your children to Navkis and am positive you will find the Navkis environment enabling learning and nurturing talents that give children every opportunity to reach their full potential and shine.

**Shri M R Ananda Ram**  
Chairman

“  
*Creativity is Seeing the Same  
Thing but Thinking Differently*”

- APJ Abdul Kalam

“  
*The true teachers are those  
who help us think for ourselves*”

- Sarvepalli Radhakrishnan

## PRINCIPAL'S MESSAGE

Having been an educationist for the last two decades, I continue to remain passionate about working with young children and see them achieve their true potential.

As a proud Principal of Navkis Educational Centre, I am always fascinated by the zeal and endless energy that my team of teachers and staff have, when it comes to grooming young minds. My joy knows no bounds when I realize that because of their commitment and dedication, Navkis is one of the leading schools in Bangalore, managed by a family of educational entrepreneurs and philanthropists, the house of Sri M S Ramaiah no less.

While academic excellence is something that we all strive for, my focus is to prepare our students for the life ahead and equip them with tools that help them navigate the challenges of tomorrow with ease and equanimity. I believe a well rounded child who has been given the opportunity to explore his potential during his formative years, goes on to become a clear-headed young individual, assuming responsibility with ease and grace.

Please accept my warm welcome to you and your child to our beautiful campus, where he will learn, run, play and thrive. My staff and I look forward to a new academic year and are geared to provide a nurturing and enabling environment that encourages learning, but more importantly, moulds character.

Thank you for choosing Navkis. On behalf of my team, I extend a very warm welcome to you and I can assure you that your choice will be a rewarding experience.

**Dr. S. Jayashree Muralidhar**  
Principal

“Tell me and I forget, teach me and  
I may remember, involve me and I learn”

- Benjamin Franklin

## NAVKIS'S EDUCATIONAL PHILOSOPHY / POLICY

The quote by Benjamin Franklin captures the ethos and essence of why we do what we do at Navkis. Our educational philosophy has always aimed at teaching and learning by doing. To discern right from wrong, to be deeply curious and learn the art of nuanced thinking and engender decision-making skills, are what propels our highly qualified and dedicated educators, teachers and staff to continue to derive great pleasure in doing what they do: enabling learning.

### **Our educational philosophy is based on a few principles:**

- » Physical, emotional and spiritual - extra-curricular activities that transcend sports, and include dramatics, art, debates, cultural ideas and other life skills
- » A keen aesthetic sensibility - inculcating an appreciation of the arts through art and music classes
- » Highly developed cognitive ability - including debates and elocutions that compel children to delve deeper into a subject through self-learning

Navkis believes that creativity and curiosity are an unbeatable combination and we believe these principles help nourish, and empower our students long after they have left Navkis to become leaders in their chosen path and contributing to society as compassionate, ambitious and mindful individuals.

# CBSE

## CURRICULUM

Navkis is affiliated with  
Central Board of Secondary Education (CBSE),  
New Delhi

Navkis, Mysuru, is affiliated to the Central Board of Secondary Education, New Delhi, an all-India Board.

The Board is committed to provide quality education to promote intellectual, social and cultural vivacity among its learners. It works towards evolving a learning process and environment, which empowers children to become global leaders in an emerging knowledge society. The Board advocates Continuous and Comprehensive Evaluation (CCE) with an emphasis on holistic development of learners.

The Board commits itself to providing a stress-free learning environment that will develop competent, confident and enterprising citizens who will promote harmony and peace.

**CENTRAL BOARD OF SECONDARY EDUCATION**

Better and stronger grasp of concepts & practise critical thinking

**OUTCOME**

Build procedural, observational, drawing, reporting, negotiation and interpretive skills

**Standard V – X**

# GOING DIGITAL

In a world of convergence, digital technologies are making headway in every domain including education and learning. The new normal in the world of education and schooling is the happy blend of face-to-face interactions in classrooms and online learning through digital learning platforms.

Navkis believes in staying ahead of the curve and in adapting innovative concepts of teaching and learning which elevate and enhance the overall learning experience. Today, all our classrooms are digitally-enabled and our students get a simulated experience of the world outside with the usage of rich content that is jointly created by capable faculty and educational experts outside of Navkis.

Given the volatile nature of the world outside, in the Year of the Pandemic in 2020, it was our early adoption of these technologies that ensured learning was continuous and our faculty was able to leverage these online digital learning platforms to impart crucial learning and our students adapted to this new normal admirably.

Smart board - Every classroom is equipped with smart boards where lessons come alive making learning more interactive and interesting. These smart boards come loaded with content in every subject and adds value to the CBSE curriculum.

Navkis follows the CBSE Curriculum from Grade I to Grade X.

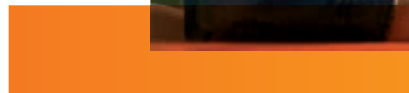

# FACULTY

## CAPABLE, QUALIFIED AND EXPERIENCED

Teachers and educators are the backbone of any educational institution. For children to have a joyous experience of learning filled with wonder and curiosity and filled with an enthusiasm to learn more, they need to be in the capable hands of dedicated and experienced teachers who are passionate about teaching.

Our teachers are not only qualified but are competent and knowledgeable in their chosen subject of teaching and are constantly upskilling and attending workshops that enhance their knowledge and update their teaching methodologies.

At Navkis, we believe in holistic learning and our teaching faculty is not only committed to enabling children to learn, but also alert to their individual needs and capabilities and guide our children with a firm, capable and sensitive hand, allowing their skills and talents to shine.

# SPORTING CULTURE AT NAVKIS

# AESTHETIC AND PRACTICAL

## SCHOOL CAMPUS

Navkis Educational Centre (NEC), Mysore is located on the Mysore Bannur road and is easily approachable from the city of Mysore. The campus is large and safe and houses 6 blocks in 3 acres of land, dedicated to various stages of learning. Each block is named differently as Nakshatra, Akshara, Vidhata, Kaivalya, Inchara and Shristi. The campus is under CCTV surveillance and is safe and secure for children. The campus is renewing, refreshing and regenerating. This inspires pupils to learn, grasp knowledge and acts as a springboard that can transform the environment for our wellbeing.

### INFRASTRUCTURE

#### Open Playground

Navkis boasts of a large playground where children can practice sports such as volleyball, basketball, throwball, and play games, and feel the joy of running around in a ground that is safe and secure. The outdoor playground is accompanied by an indoor shuttle court for indoor sports like badminton, chess, among others.

#### Amphitheatre

The School has an amphitheatre for larger gathering and staging of major activities.

#### Labs

Navkis has separate labs for every subject.

##### Junior & Senior Computer Labs

A well-equipped computer lab with a 1:1 pupil-computer ratio, with school related software is provided. The ergonomically designed furniture helps the student to work comfortably. Two computer labs fulfill the requirement of junior and senior classes respectively.

##### Physics, Chemistry and Biology Labs

Well-equipped laboratories for different subjects like Physics, Chemistry, Biology and Maths to kindle the student's creativity forms an integral part of Navkis's infrastructure, giving children time and opportunity to conduct experiments in their subjects as per the CBSE guidelines and learn in a practical, learning-by-doing manner.

##### Assembly Hall & Auditorium

The school has a well-designed auditorium, which provides a perfect platform for students to showcase their talent. We encourage our students to participate in the Assembly, which is conducted everyday.

##### AV Room

The latest addition to the school's infrastructure has been the Audio Visual room with state-of-the-art technology. It has a capacity to seat 200 students at a time and an acoustic design which creates an atmosphere of a modern theatre. A state-of-the-art multimedia infrastructure helps us to conduct various workshops for students, making it vibrant and riveting.

We will be happy to take you on a guided tour of the campus when you visit us. Please do not hesitate to contact our admin office and book an appointment with your child.

# HOLISTIC DEVELOPMENT THROUGH EXTRACURRICULAR ACTIVITIES

“*I believe in exposing children to as many hobbies and extracurricular activities as possible*”

- Viswanathan Anand,  
Indian Chess Grandmaster

We've all heard the old maxim: all work and no play makes Jack a dull boy. At Navkis we believe that a child needs to develop an appreciation for Arts, Crafts and develop hobbies that are essential for his holistic development. Extracurricular activities are a key ingredient in this journey and our curriculum includes a slew of activities that go towards developing better interpersonal skills, team building and allowing talent to bloom and be nurtured.

## ART & CRAFT

Sketching, shading and painting are introduced at the basic level, with pencil and water colours as the medium. Handiwork using different kinds of materials from paper, clay, matchsticks or beads and buttons are part of the Craft sessions.

## SCIENCE CLUB

The NEC, Mysuru Science club builds on the scientific skills of the young learner. The club gives children an opportunity to participate in various hands-on science activities.

## TAEKWONDO

Taekwondo is an ancient Korean art of self defence. Literally translated: Tae means Foot; Kwon means Hand or Fist; Do means way, method, art. Taekwondo helps children learn balance, using body weight, focus and how to understand body language besides building self confidence and the art of self-defence.

## STUDENT COUNCIL

NEC, Mysuru Student council is one platform which gives children an opportunity to lead activities of the School. This builds on the Leadership skills of children.

## YOGA

Yoga, originated in ancient India and comprises physical, mental, and spiritual practices that is believed to be foundational for mind, body and soul. It provides excellent training for children and adolescents, both as a form of physical exercise and for breathing, focus, mindfulness, and stress relief.

## THEATRE

NEC, Mysuru has an active Drama and Theatre club which works with children to build on their skills of diction, voice, acting and thus builds on confidence levels of children.

# MOVING AHEAD

We understand that for education to be transformative it has to be made accessible. We also know that parents want the best education for their children. In order to connect the two objectives, we must provide the means to bring this to fruition. We have invested in transportation facilities that ferry our children to and from school. We have sufficient number of school buses with highly responsible, trained and committed staff to ensure the safety and security of children who commute in our buses.

For all parents who wish to avail of our transportation facilities, please enquire with our Administration office regarding expenses, timings, bus routes and other rules and regulations. While we do our utmost to ensure that our transportation facilities meet compliance standards, we also know that parents and students must also adhere to the rules for a happy and safe experience for all.

# SAFE ENVIRONMENT

In times of a pandemic we are all required to be vigilant and cautious, and given that we are managing children, it's incumbent upon us to take every precautionary measure to ensure the safety of your child.

Our trained staff and faculty have been sensitised and trained to provide the best care and learning environment in these anxious times. We ensure that our campus including classroom, labs, areas where children meet and play, toilet facilities and even our buses are sanitised frequently to pass the stringent safety and hygiene norms. All our teachers and staff have to adhere to strict guidelines of wearing masks, and are trained in social distancing guidelines.

Our campus security is monitored by a 24/7 security staff and any breach of safety rules by children or parents is considered a serious offence. We follow strict visiting hours to maintain and ensure safety and security of the children in our care.

Do we spare the rod and spoil the child? To create safe spaces for learning, we at Navkis believe in dialogue and sensitizing our stakeholders including children, teachers and parents, that corporal punishment is an offence and to enable and work towards creating safe and healthy learning practices.
